

Dan Germain - WW Strategic Business Development, DVS Digital Video Inc.

Dan is an accomplished industry veteran with broad experience, having held key strategic positions in leading manufacturers across the globe with companies such as Quantel Ltd., Digital Vision AB, Eyeon Inc. and Avid Technology Inc. Having played a key part in pushing forward the adoption of High Definition technology in Europe and with a keen eye for new opportunities with technology he is currently leading DVS in to new areas of the media and entertainment industry.

With over 25 years of experience in the professional video industry, DVS continues to develop revolutionary systems for customized, flexible, high-performance workflows. DVS's intention is to provide its clients with future-proof technologies while setting standards for the professional video market.

Last year DVS was honored with winning the Hollywood Post Alliance's Engineering Excellence Award and at the BANFF World Television Festival, DVS received the 2009 Deluxe Outstanding Technical Achievement Award.

With its DI systems, DVS was the first company in the world to make real-time 4K processing possible.

Headquartered in Hanover (Germany) and Los Angeles (California), DVS also has branch offices in Miami (Florida), Paris (France), Warsaw (Poland), and Singapore.
