9:00pm	Benedikt Niemann	

Protocol:

Helena this time

Holger next time

then: Nina, Oli Hohn, Oli Markowski, Rayk, Vincent,

Unfortunately, we lost the screening location "Eiszeit Kino" in Berlin, which celebrates a closing party on May 18th.

New location could be „Movimiento“.

The last Masterclass worked great, got nice feedback.

The London and France sections would like to be integrated/involved.

Videos are online on the VES website.

We are looking for new topics for the next Masterclass.

A goal for the next masterclass it that it should be possible to switch between different locations for the conference to have different speakers in different locations.

We agreed it should only be streamed at the companies` meeting rooms to avoid technical issues.

Please note that London has 1 hour time shift.

One week before the Masterclass starts, we should run a tech check.

A new date has been set for autumn to leave enough time & space for new topics.

The German chapter has 21 new VES Members

To grow the member base Munich, we are currently planning a next VES hangout "Stammtisch".

VES members should be allowed to bring 1 additional guest.

Berlin will organize a separate hangout "Stammtisch" only for VES Member with a Pub Quiz, the current usual hangout has too many participants at the moment.

Next Board Meeting:

June 20th 2018 at 8:30PM

Next Masterclass:

September 13th 2018
