### **German bank account**

The bank account at the Commerzbank didn't work out, so we now have an account at the Citybank Los Angeles. We will get a credit card and a Paypal account to manage the financial aspects of the German section.

### **Financial Situation of the German section**

Didn't change since last month, no money left except for the summer meetup.

The last screening in Stuttgart of 'Jurassic World' was paid from the 'summer meetup' budget. (273,70 €) Which means Stuttgart has no money for their summer meetup.

Additional Information provided by Oliver Markowski:

Money spent:

Berlin: 2088 USD

Stuttgart: 2137 USD

### **VES Megabrain Master Class**

Together with London and Paris.

Paris got a topic: Photogrammetry and surface scanning.

London got no topic at the moment.

We need to check with Oliver Markowski about the topic poll for the German section.

As a fallback option: David could do a talk about Lidar scanning.

Streaming location Germany: RISE offices in Berlin, Munich, Stuttgart and Cologne

Masterclass sponsoring: Rayk will ask The Foundry and Blackmagic Design, Florian will ask Side FX and Vincent will contact 3DE.

The masterclass (13<sup>th</sup> September) will be a good chance for promote the VES membership to potential new members (deadline for applications 15<sup>th</sup> September).

### **German section membership**

The memberships of four people were terminated which reduces the total number of members to 123.

### **Screenings**

If we don't find cheaper screening locations and/or increase the sponsoring of these events we are only able to organize these events every two till three month in combination with a summer break.

### **Summer Meetup/BBQ**

Due to the financial situation Stuttgart will have no budget for their summer meetup.

Berlin Meetup is planned for September, the original plan to go to the 'Schlessische Busch' was canceled due to the bad condition of the park this year. Oliver Hohn will contact Holger about that topic.

### **Next Board Meeting: 19. September**
