German bank account

Commerzbank is still missing important documents. Markowski will stay on it and include Callie and P.J. in the email loop with the bank. The lady from Commerzbank is on Vacation for 3 weeks and we'll proceed after that. We got 0 money anyway.

Financial Situation of the German section – we are broke

We spent all our money in the first half of the year already. Problem was that we had no account and did not get just half of our stipend for the first half of the year which would otherwise be the case. Sections get their money twice a year usually but not in our case. Also HQ did not warn us after spending half of our money already. Noone is allowed to spend money anymore until further notice – except for the summer meetup where we have an additional USD 1000,-

Next VES Megabrain Master Class – 13.9.2018

Not affected by our financial situation, because we won't need to pay for locations next time. Sponsoring will probably be done by SideFX. Need to check how to split this sponsoring between London, Paris and Germany.

Markowski will get in touch with Paris and London and schedule "Topic poll" and promotion of the event.

1 talk per location.

Florian needs to send contacts of Lon and Paris section to Oli

Oliver is taking care of Masterclass organisation in Germany. Call for topics will follow soon!

Upcoming Screenings

STR found a new location for screening

1. Arthouse cinema EUR 250 per screening – only Saturdays 14:00

2. HDM Stuttgart cinema may come for free

We need to find a better/cheaper solution for screenings!!!!

Sponsoring needed from Autodesk/Foundry/SES!
