The award will be presented at the 14th Annual VES Awards on February 2, 2016 at the Beverly Hilton Hotel.

The VES Lifetime Achievement Award, bestowed by the VES Board of Directors, recognizes an outstanding body of work that has significantly contributed to the art and/or science of the visual effects industry. VES will honor Scott for his vision and dedication to storytelling that blends iconic visual effects and unforgettable narrative on an epic scale. "Ridley Scott is a defining voice of the feature, broadcast and commercial forms, and a true master of his craft," said Mike Chambers, VES Board Chair. "His vision and contribution to the art is incomparable and his impact upon the visual effects and technical fields is unparalleled. Ridley's iconic films have entertained and inspired millions, and his oeuvre of groundbreaking work has been immensely influential. For this, and more, we are honored to award him with the prestigious Visual Effects Society Lifetime Achievement Award."

"The best filmmaking has always been the result of collaboration between artists, craftspeople and technicians, both in front and behind the camera," said Ridley Scott. "Over the years I have been very fortunate to work on films that are visual at their core and thus I have always been immensely reliant on the expertise of our visual effects teams. To be honored by the Visual Effects Society with this Lifetime Achievement Award is indeed extremely gratifying."
